

# “What war does to people...”

**Eternal Soldier** promotes Veteran-centered programs, public events and on-line group sessions examining ancient biography, famous narratives, battlefield technology, myth and art.

**Eternal Soldier** takes warrior tales from ancient history and looks at them with new eyes.

**Eternal Soldier** presents warrior experience past and present. Through storytelling, we support dialogue between Veteran and non-Veteran communities.

## VETERANS TELL US:

“[Eternal Soldier] helped me make a connection to history in many very meaningful ways.”

“... married the experiences of ancient warriors to those experienced by Veterans today in a way I was not expecting. It was fascinating.”

Ancient Warrior Stories  
for Veterans

# ETERNAL SOLDIER

## Ancient Warrior Stories for Veterans

**ETERNAL SOLDIER** explores topics such as warrior homecoming, battlefield archaeology, PTSD in the ancient Near East and Egypt, Women Warriors, combat fatigue among Revolutionary War generals, and current events strikingly similar to historical ones...

### OUR GOALS:

Examine old stories with new eyes

Enable Veterans to "touch history"

Explore links between ancient and modern Veteran experience of service and combat

Educate and Inform

**ETERNAL SOLDIER is a Penn Museum collaborative of Veterans, Archaeologists, Historians, Classicists, and Clinicians.**

Our goal is for Veterans of every stripe to recognize that their experiences differ in detail from the ancients, but their emotional, psychological and spiritual experiences are timeless and unite all warriors.

We create programs to re-contextualize ancient stories about war and warriors to make them clear and accessible for modern Veterans. All our programs are free.

**New programs forming now!**
