

# “What war does to people...”

**Eternal Soldier** is Veteran-centered programs, tours, public events and hybrid virtual/in-person workshops at Penn Museum: ancient biography, famous narratives, battlefield technology, myth and art.

**Eternal Soldier** takes warrior tales from ancient history and looks at them with new eyes.

**Eternal Soldier** presents warrior experience past and present. Through storytelling, we support dialogue between Veterans, and among Veteran and non-Veteran communities.

## ETERNALSOLDIER

**Take a museum tour with our new Veterans History Exchange (VHX)**

### VETERANS TELL US:

“[Eternal Soldier] helped me make a connection to history in many very meaningful ways.”

“... married the experiences of ancient warriors to those experienced by Veterans today in a way I was not expecting. It was fascinating.”

**Ancient Warrior Stories  
for Veterans**

# ETERNAL SOLDIER

## Ancient Warrior Stories for Veterans

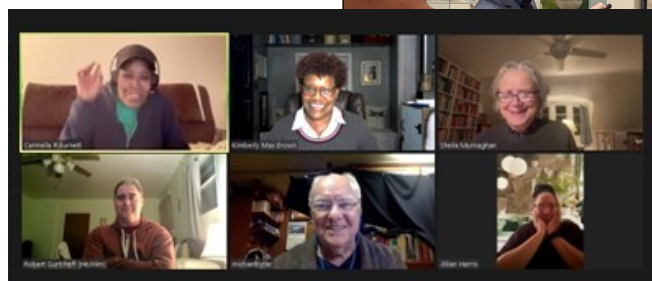

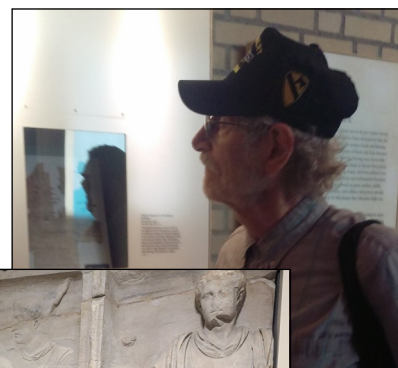

**ETERNAL SOLDIER** connects with Veterans to talk about war and warriors and to examine diverse topics such as:

- Warrior Homecoming
- Battlefield Archaeology
- PTSD in the ancient Near East and Egypt
- Women Warriors
- War and Warriors on Film
- Museum artifacts of war
- Combat fatigue among Revolutionary War generals
- Current events strikingly similar to historical ones...

**ETERNALSOLDIER** is Veterans, Historians, Archaeologists, Classicists, and Clinicians creating history and culture programs at the Penn Museum.

Our goal is for Veterans of every stripe to recognize that their experiences differ in detail from the ancients, but their emotional, psychological and spiritual experiences are timeless and unite all warriors.

Our programs are free.
