

“What war does to people...”

Eternal Soldier is a series of Veteran-centered programs, public events and virtual group workshops examining ancient biography, famous narratives, battlefield technology, myth and art.

Eternal Soldier takes warrior tales from ancient history and looks at them with new eyes.

Eternal Soldier presents warrior experience past and present. Through storytelling, we support dialogue between Veterans, and among Veteran and non-Veteran communities.

ETERNAL SOLDIER

VETERANS TELL US:

“[Eternal Soldier] helped me make a connection to history in many very meaningful ways.”

“... married the experiences of ancient warriors to those experienced by Veterans today in a way I was not expecting. It was fascinating.”

Ancient Warrior Stories
for Veterans

ETERNAL SOLDIER

Ancient Warrior Stories for Veterans

ETERNAL SOLDIER brings Veterans together to contextualize ancient stories about war and warriors, and to talk about diverse topics such as:

- Warrior Homecoming
- Battlefield Archaeology
- PTSD in the ancient Near East and Egypt
- Women Warriors
- Combat fatigue among Revolutionary War generals
- Current events strikingly similar to historical ones...

ETERNAL SOLDIER is Veterans, Historians, Archaeologists, Classicists, and Clinicians creating programs at the Penn Museum.

Our goal is for Veterans of every stripe to recognize that their experiences differ in detail from the ancients, but their emotional, psychological and spiritual experiences are timeless and unite all warriors.

All our programs are free.

New programs forming now!
